

Need Support with Breastfeeding?

Make an appointment with our International Board Certified Lactation Consultant (IBCLC) who will:

- Support you to reach your breastfeeding goals
- Help you position your baby for a painless latch for successful breastfeeding
- Help you learn to read your baby's hunger cues before he/she starts to cry
- Help you figure out how often and for how long your baby needs to breastfeed
- Teach you how to care for your breasts if they are painfully full and/or you have damaged nipples.
- Show you how to use a breastpump and prepare pumped breastmilk to feed your baby

Call 646-317-2463 for an appointment.
